

Model No: LANTRISTARRGB

Specification

DESCRIPTION:

Tristar LED RGB colour change lamp

CONTROL GEAR:

12V DC

LAMP:

5W LED

FLEX & PLUG:

COLOUR:

RGB

BEAM:

60 DEG

CUTOUT:

LUMEN:

IP RATING:

LIFE:

>35,000 hrs

IES FILE

Notes:

Lamp has a special frequency function that allows multiple lamps to be synchronised when connected to the same AC power source.

TRISTAR Remote controller available

12-24V DC constant voltage power supplies are strongly recommended.

Compatibility of the LED lamps with 12V AC electronic transformers cannot be guaranteed.
