MR16 6.7W LED

LL090A

A real alternative to expensive, maintenance hungry LV and GU Lamps. The 6.7W REBEL LED unit fits into a normal 50mm (MR16) down light housing and out performs the light output of a 50W GU10, it requires ZERO maintenance and runs at a fraction of the cost too. Note: Requires constant current power supply, not transformer.

Available in Cool White, Warm White, Blue and Natural White.
