RF RGB/RGBW REMOTE CONTROLLER

LAN-2819S

Smart Wireless RGB/RGBW LED Remote control - multi zone led strip remote. This remote control can be used with RGB or RGBW LED Strip in configuration for up to 4 zones that can be controlled individually using only one remote. Every zone requires a separate RGB/RGBW LED controller (LAN1009NPD) and can consist of unlimited number of receivers which will auto synchronize between them using a Power Repeater (LAN-3001).
